

ADOPTION APPLICATION

Adoption requirements:

- All currently- and recently-owned cats must be spayed/neutered; we will verify this when we call your veterinarian's office.
- We do not allow declawing of ANY adopted animals. This is part of our adoption contract. If an animal adopted from us is declawed, we reserve the right to take it back due to breach of contract. Declawing is a painful surgical procedure that has been outlawed as animal cruelty in many other countries.
- Potential Adopters must be at least 21 years of age.
- This is not a one-step process. We want to make sure the adoption is a great match for everyone involved. We will call references and we may visit your home before the adoption is final.
